**Contemporary Precalculus: A Graphing Approach** By Thomas W. Hungerford, Douglas J. Shaw

Respected for its detailed guidance in using technology, CONTEMPORARY PRECALCULUS: A GRAPHING APPROACH, Fifth Edition, is written from the ground up to be used with graphing calculators that you may be using in your precalculus course. You'll appreciate that the text has also long been recognized for its careful, thorough explanations and its presentation of mathematics in an informal yet mathematically precise manner. The authors also emphasize the all-important "why?" of mathematics--which is addressed in both the exposition and in the exercise sets by focusing on algebraic, graphical, and numerical perspectives.

### **Editorial Review**

#### **About the Author**

Thomas W. Hungerford received his M.S. and Ph.D. from the University of Chicago. He has taught at the University of Washington and at Cleveland State University, and is now at St. Louis University. His research fields are algebra and mathematics education. He is the author of many notable books for undergraduate and graduate level courses. In addition to ABSTRACT ALGEBRA: AN INTRODUCTION, these include: ALGEBRA (Springer, Graduate Texts in Mathematics, #73. 1974); MATHEMATICS WITH APPLICATIONS, Tenth Edition (Pearson, 2011; with M. Lial and J. Holcomb); and CONTEMPORARY PRECALCULUS, Fifth Edition (Cengage, 2009; with D. Shaw).

Douglas Shaw received his M.S. from the University of Illinois and Ph.D. from the University of Michigan. He was a visiting professor at the University of Minnesota, and is currently at the University of Northern Iowa. His research is in combinatorics, number theory, and tertiary mathematics education. He has written instructor's guides for Brooks/Cole and worked on many other ancillaries as well. When he took Abstract Algebra in graduate school, he used one of Thomas Hungerford's texts and never sold it back to the bookstore.

### **Users Review**

#### **From reader reviews:**

##### **Randy North:**

Reading a book tends to be new life style on this era globalization. With examining you can get a lot of information that could give you benefit in your life. Along with book everyone in this world can certainly share their idea. Publications can also inspire a lot of people. Many author can inspire their own reader with their story or maybe their experience. Not only the story that share in the books. But also they write about the data about something that you need example. How to get the good score toefl, or how to teach children, there are many kinds of book that you can get now. The authors on earth always try to improve their skill in writing, they also doing some research before they write with their book. One of them is this Contemporary Precalculus: A Graphing Approach.

##### **Mamie Crossett:**

Spent a free time for you to be fun activity to complete! A lot of people spent their spare time with their family, or all their friends.
