### **Editorial Review**

#### Review

"Campanario founded the nonprofit organization Urban Sketchers, and this book showcases the work of over 100 artists worldwide who draw scenes from the cities where they live and travel, posting them at [urbansketchers.org](http://urbansketchers.org). The concept caught on fast, and new groups are forming around the world, connecting with each other online. Here, Campanario offers guidance on tools, techniques, the urban environment, and drawing styles, but the main strength of this book is the 500-plus full-color examples of successful sketches drawn in metropolises and towns all over the globe. VERDICT: Part travel book, part art instruction, this is a great guide to look at before (or instead of) your next vacation." - *Library Journal*
