

Irwin and Rippe's Intensive Care Medicine

From LWW

Irwin and Rippe's Intensive Care Medicine From LWW

Irwin and Rippe's Intensive Care Medicine is a comprehensive textbook covering both the theoretical and practical aspects of medical and surgical critical care. The Seventh Edition will again be presented as a single volume, and will retain the organizational structure established in in the Fifth Edition—a major overhaul from its two--volume predecessors. The text is generally organized on an organ-systems approach, but has popular sections such as procedures, overdoses and poisonings, trauma, and surgical problems in the ICU.

Thoroughly updated for its Seventh Edition, this classic reference remains an unsurpassed source of definitive, practical guidance on adult patient care in the ICU. It provides encyclopedic, multidisciplinary coverage of both medical and surgical intensive care and includes a "how-to" atlas of procedures and a new section on noninvasive monitoring. Each chapter, completely revised, identifies Advances in Management based on randomized controlled clinical trials. The cardiology section has been completely rewritten to reflect advances in management of acute coronary syndromes. Also included are extensive updates on management of COPD, diabetes, oncologic emergencies, and overdoses and poisonings.

A companion website will provide instant access to the complete and fully searchable text.

Editorial Review

Review

JAMA, 08-MAR-00, Volume 283, Issue 10, -- Praise for the previous edition: "There is a delightful combination of detailed scientific discussion and essential common sense practice...The text ... [is] an essential tool in my daily critical care practice."--JAMA Anesthesiology, 01-MAY-00, Volume 92, Issue 5 -- Praise for the previous edition: "It remains an excellent and comprehensive critical care textbook...The editors have improved on an already excellent text, not an easy accomplishment."-- Anesthesiology

Users Review

From reader reviews:

John Espitia:

The actual book Irwin and Rippe's Intensive Care Medicine will bring one to the new experience of reading a new book. The author style to elucidate the idea is very unique. In the event you try to find new book to learn, this book very acceptable to you. The book Irwin and Rippe's Intensive Care Medicine is much recommended to you to study. You can also get the e-book from your official web site, so you can more easily to read the book.

Kenneth Sisk:

Is it a person who having spare time subsequently spend it whole day by watching television programs or just lying on the bed? Do you need something new? This Irwin and Rippe's Intensive Care Medicine can be the response, oh how comes? A fresh book you know. You are so out of date, spending your free time by reading in this brand-new era is common not a geek activity. So what these books have than the others?

Dewayne Campbell:

Do you like reading a guide? Confuse to looking for your preferred book? Or your book was rare? Why so many issue for the book? But almost any people feel that they enjoy for reading. Some people likes looking at, not only science book and also novel and Irwin and Rippe's Intensive Care Medicine or maybe others sources were given know-how for you. After you know how the truly great a book, you feel want to read more and more. Science e-book was created for teacher as well as students especially. Those publications are helping them to include their knowledge. In various other case, beside science e-book, any other book likes Irwin and Rippe's Intensive Care Medicine to make your spare time far more colorful. Many types of book like this one.

Dominique Rigney:

What is your hobby? Have you heard that question when you got college students? We believe that that

query was given by teacher to the students. Many kinds of hobby, Everyone has different hobby. And you know that little person such as reading or as examining become their hobby. You should know that reading is very important and book as to be the thing. Book is important thing to include you knowledge, except your teacher or lecturer. You see good news or update about something by book. A substantial number of sorts of books that can you go onto be your object. One of them is Irwin and Rippe's Intensive Care Medicine.
