## **Editorial Review**

### About the Author

Insofar as its author has been able to determine, Palmyra: The True Story of An Island Tragedy represents the first time a true crime case has ever been recounted by the chief villain. He knows that what he has written will be highly controversial and already he can hear the chorus of denials, vociferous voices raised in outrage, the piling of scorn upon accusation, but this is America, a land of free speech, and we shall see what we shall see.
