## **Editorial Review**

Review

From the reviews:

"A concise summary with elegant illustrations of middle ear surgery. It very quickly focuses on the high points of otologic techniques, with beautiful diagrams emphasizing the high points. ... the book presents a very important addition to any surgeon's library on related surgery." (Moisés Arriaga, *Otology and Neurotology*, Vol. 29 (4), 2008)

## **Users Review**

**From reader reviews:**

**Michele Anderson:**
