Sexplosion: From Andy Warhol to A Clockwork Orange-- How a Generation of Pop Rebels Broke All the Taboos By Robert Hofler

After the sexual revolution came the sexual explosion

The six years between 1968 and 1973 saw more sexual taboos challenged than ever before. Film, literature, and theater simultaneously broke through barriers previously unimagined, giving birth to what we still consider to be the height of sexual expression in our pop culture: *Portnoy's Complaint*, *Myra Breckinridge*, *Hair*, *The Boys in the Band*, *Midnight Cowboy*, *Last Tango in Paris*, and *Deep Throat*.

In *Sexplosion*, Robert Hofler weaves a lively narrative linking many of the writers, producers, and actors responsible for creating these and other controversial works, placing them within their cultural and social frameworks. During the time the Stonewall Riots were shaking Greenwich Village and *Roe v. Wade* was making its way to the Supreme Court, a group of daring artists was challenging the status quo and defining the country's concept of sexual liberation. Hofler follows the creation of and reaction to these groundbreaking works, tracing their connections and influences upon one another and the rest of entertainment.

Always colorful and often unexpected, *Sexplosion* is an illuminating account of a generation of sexual provocateurs and the power their works continue to hold decades later.

Editorial Review

From [Booklist](#)

Starred Review The author, senior editor at *Variety* and former entertainment editor at *Penthouse*, sets out to show how a number of very talented, risk-taking rebels challenged the world's prevailing attitudes toward sex and, in the process, changed pop culture forever. Thus, we have a compendium of period sex, drugs, and rock 'n' roll, much of it familiar, but which, in aggregate, demonstrates Hofler's thesis abundantly. Focusing on the brief period of 1968–73, the text presents a deluge of barrier-breaking books, films, and theater that is dizzying in its magnitude and impact. Hofler's appropriately breezy style allows his journalistic strengths to shine; it all rings true. Arranged chronologically, beginning with *Hair* and the movies of Andy Warhol and quickly taking in Philip Roth's *Portnoy's Complaint*, John Schlesinger's film *Midnight Cowboy*, Kenneth Tynan's *Oh! Calcutta!* (the title explained), Mart Crowley's gay-themed *The Boys in the Band*, and much more, with convincingly detailed context, Hofler describes in often strong language and with considerable wit what was unmistakably a new cultural reality and moral perspective in America and Britain. Although his epilogue seems superfluous, he otherwise makes his case compellingly. This is readable and enjoyable popular history for younger adult readers and deeply resonant nostalgia for the boomers who came of age during this heady half decade. --Mark Levine
