### **Editorial Review**

Review

**'This is an essential must-read book for any one interested in doing or being a consumer of big data. It is a brilliant collection of contributors and articles providing great clarity to a challenging and critical area. This is the exact book needed to help navigate the data science revolution.'** ? *Steven G. Rogelberg, University of North Carolina, Charlotte, USA*

**'Many fields have embraced Big Data and have sought to exploit the potential benefits. The editorial team of this book has brought together a strong collection of chapters that explore the meaning and impact of Big Data on the field of I/O psychology. Despite a rapidly changing landscape, this book will certainly prove to be valuable resource.'** ? *Ron Landis, Illinois Institute of Technology, USA*
