## **The Politics of Europeanization** From Oxford University Press

This book traces the influence of the European Union on domestic politics and public policies. Whereas the standard books on domestic politics and European integration look at different countries one by one, this volume embraces an innovative perspective based on specific concepts, indicators, and a broad range of thematic issues. Representing the cutting edge of theoretical analysis and empirical research on Europeanization, this work will be essential reading for students of the EU and comparative European politics.
