Investment Ethics By Sarah Peck

The recent economic crisis further underscores the importance of ethics, which is why finance professionals will turn to this authoritative text. It provides them with an applied and practical understanding. Critical thinking questions offer more thought provoking exercises to get them to learn the material. Related cases in the chapters help spark more thoughtful analysis of the issues that are raised. Numerous projects show how to apply investment theory and analysis as well as integrate ethical considerations. Appendices are also included in relevant chapters that review basics in investments and accounting. This material will help finance professionals examine the ethical practices of the companies and organisations they recommend.
