**Bunnacula Meets Edgar Allan Crow (Bunnacula and Friends Book 7)** By James Howe

The Monroe house is going mad with excitement. Pete has just won a contest, and the prize is a school visit from none other than M. T. Graves, Pete's idol and the bestselling author of the *FleshCrawlers* series. He's even going to stay with the Monroes while he's visiting! Harold and Howie are thrilled, but Chester the cat is suspicious. Why does Graves dress all in black? Why doesn't the beady-eyed crow perched on his shoulder say anything? Why has a threatening flock of crows invaded the backyard? And most worrisome of all: In each of the *FleshCrawlers* books, *why does something bad always happen to the pets?* Suddenly, Graves's interest in all of the animals -- especially Bunnacula -- looks far from innocent. It's up to Chester, Harold, and Howie to find out if M. T. Graves and Edgar Allan Crow are really devising a plot to make their beloved bunny. . . NEVERMORE.

## **Editorial Review**

From School Library Journal

Grade 4–7—In this seventh adventure featuring the veggie-vampire and his cohorts, the Monroe family is playing host to M. T. Graves, creator of the gruesome, popular "FleshCrawlers" series. While Pete and Toby are excited to meet a real-live author, their pets aren't happy about the visitor. First, Graves has brought along Edgar Allan Crow, a strange, silent bird. Furthermore, the yard is suddenly infested with dozens of other crows-squawking, calling, and obviously waiting for something-or someone. Worst of all, M. T. seems to be taking an unhealthy interest in Bunnacula. Chester the cat tries desperately to convince the other pets that Graves intends to use their long-eared friend for some fiendish purpose. Sheepdog Howard isn't persuaded, but then the vampire bunny mysteriously disappears. Can the Monroe pets find their friend in time-and discover what the weird writer is really up to? As always, much of the book's humor comes from the interplay among the animals. Chester's melodramatic imagination sees sinister plots everywhere, while laid-back Howard tries to keep the neurotic cat in balance. Aspiring author Howie, meanwhile, puppy-worships their famous visitor and is continually trying to get writing tips. The writing style is a mixture of chills and chuckles, and the black-and-white pencil drawings are appropriately eerie. Underlying all the fun is a quiet celebration of writing and the power of friendship and inspiration.—*Elaine E. Knight, Lincoln Elementary Schools, IL*

Pete enters a contest and wins a school visit from his favorite author: mysterious M. T. Graves, who writes the FleshCrawlers series. Staying at the Monroes' house with his pet, Edgar Allan Crow, the eccentric writer has some strange requests and his odd behavior gives rise to misgivings among the household's suspicious dogs and conniving cat. Their determined efforts to save the family's pet rabbit, Bunnacula, from an undetermined threat give rise to this entertaining chapter book's dramatic and comical situations. The full-page, shaded pencil drawings are handsome and suitably quirky. An entertaining addition to the long-running Bunnacula series. *Carolyn Phelan*
