CCDA 200-310 Official Cert Guide (5th Edition) By Anthony Bruno, Steve Jordan

Trust the best-selling Official Cert Guide series from Cisco Press to help you learn, prepare, and practice for exam success. They are built with the objective of providing assessment, review, and practice to help ensure you are fully prepared for your certification exam.

CCDA 200-310 Official Cert Guide presents you with an organized test preparation routine through the use of proven series elements and techniques. "Do I Know This Already?" quizzes open each chapter and allow you to decide how much time you need to spend on each section. Exam topic lists make referencing easy. Chapter-ending Exam Preparation Tasks help you drill on key concepts you must know thoroughly.

- Master Cisco CCDA 200-310 exam topics
- Assess your knowledge with chapter-opening quizzes
- Review key concepts with exam preparation tasks
- Practice with realistic exam questions

CCDA 200-310 Official Cert Guide focuses specifically on the objectives for the newest Cisco CCDA DESGN exam. Expert networking consultants Anthony Bruno and Steve Jordan share preparation hints and test-taking tips, helping you identify areas of weakness and improve both your conceptual knowledge and hands-on skills. Material is presented in a concise manner, focusing on increasing your understanding and retention of exam topics.

Your downloadable Pearson IT Certification Practice Test engine allows you to focus on individual topic areas or take a complete, timed exam. The assessment engine also tracks your performance and provides feedback on a module-by-module basis, laying out a complete assessment of your knowledge to help you focus your study where it is needed most.

Well-regarded for its level of detail, assessment features, comprehensive design scenarios, and challenging review questions and exercises, this official study

guide helps you master the concepts and techniques that will allow you to succeed on the exam the first time.

The official study guide helps you master all the topics on the newest CCDA DESGN exam, including:

- Design methodologies, including PBM, network characterization, and top-down/bottom-up approaches
- Design objectives: modularity, hierarchy, scalability, resilience, fault domains
- Addressing and routing protocols in existing networks
- Enterprise network design: campus, enterprise, and branch
- Expanding existing networks: wireless, security, collaboration, virtualization, programmability, data centers, and more

CCDA 200-310 Official Cert Guide is part of a recommended learning path from Cisco that includes simulation and hands-on training from authorized Cisco Learning Partners and self-study products from Cisco Press. To find out more about instructor-led training, e-learning, and hands-on instruction offered by authorized Cisco Learning Partners worldwide, please visit http://www.cisco.com/web/learning/index.html.

The print edition of the *CCDA 200-310 Official Cert Guide* contains two free, complete practice exams.

Also available from Cisco Press for Cisco CCDA study is the *CCDA 200-310 Official Cert Guide Premium Edition eBook and Practice Test*. This digital-only certification preparation product combines an eBook with enhanced Pearson IT Certification Practice Test.

Editorial Review

About the Author

Anthony Bruno, CCIE No. 2738, is a Consulting Director with BT with more than 20 years of experience in the internetworking field. Previously, he worked for International Network Services, Lucent Technologies, and as a captain in the U.S. Air Force. His other industry certifications include CCDP, PMP, CCNP Security, Cisco Certified Business Value Practitioner, Cisco Data Center Network Infrastructure Specialist, Cisco Security Solutions & Design Specialist, and ITILv3 Foundation. He has consulted for many enterprise and service provider customers in the design, implementation, and optimization of large-scale networks. Anthony leads architecture and design teams in building nextgeneration networks for his customers. He completed his Master of Science in Electrical Engineering at the University of Missouri—Rolla in 1994 and his Bachelor of Science in Electrical Engineering at the University of Puerto Rico—Mayaguez in 1990. He is also a part-time instructor for the University of Phoenix—Online, teaching networking courses.

Outside of work Anthony enjoys running marathons, Spartan obstacle races, and Olympic and Ironman distance triathlons.

Steve Jordan, CCIE No. 11293, is a Senior Technology Manager with Accudata Systems and has 20 years experience in the field of internetworking. For the last 10 years, Steve has specialized in data center architectures involving compute, network, storage, virtualization, and SDN. Over the years, Steve has worked with many enterprise and service provider customers in both pre-sales and post-sales engineering and architecture roles,
along with working at several Cisco Gold Partners. He has extensive experience in data center architecture and design and has implemented solutions in many financial, energy, retail, healthcare, education, and telecommunications industries. Steve is a 10-Year triple CCIE in the tracks of Routing & Switching, Storage Networking, and Data Center. His other certifications include VMware VCIX-NV, VCP-NV, VCP4-DCV, VCP5-DCV, CCDP, CCNP, ACI-SE, and ACI-FE.

Steve lives in Houston, Texas, with his wife and three sons. When he is not working on technology, Steve can be found traveling to new places, finding great food, and listening to live music.

Steve was also the coauthor for the previous editions of the *CCDA Official Cert Guide*.

Users Review

From reader reviews:

Curtis Russell:

Your reading 6th sense will not betray a person, why because this CCDA 200-310 Official Cert Guide (5th Edition) publication written by well-known writer who knows well how to make book that can be understand by anyone who read the book. Written in good manner for you, leaking every ideas and creating skill only for eliminate your hunger then you still skepticism CCDA 200-310 Official Cert Guide (5th Edition) as good book but not only by the cover but also by the content. This is one publication that can break don't ascertain book by its include, so do you still needing one more sixth sense to pick this specific!? Oh come on your

examining sixth sense already told you so why you have to listening to one more sixth sense.

William Perrotta:

You can spend your free time you just read this book this reserve. This CCDA 200-310 Official Cert Guide (5th Edition) is simple to create you can read it in the park your car, in the beach, train and also soon. If you did not get much space to bring often the printed book, you can buy typically the e-book. It is make you better to read it. You can save often the book in your smart phone. So there are a lot of benefits that you will get when you buy this book.

Desiree Herdon:

This CCDA 200-310 Official Cert Guide (5th Edition) is new way for you who has interest to look for some information given it relief your hunger associated with. Getting deeper you in it getting knowledge more you know or else you who still having small amount of digest in reading this CCDA 200-310 Official Cert Guide (5th Edition) can be the light food for yourself because the information inside this specific book is easy to get by simply anyone. These books build itself in the form and that is reachable by anyone, yep I mean in the e-book form. People who think that in publication form make them feel sleepy even dizzy this e-book is the answer. So there isn't any in reading a reserve especially this one. You can find what you are looking for. It should be here for anyone. So , don't miss it! Just read this e-book kind for your better life along with knowledge.

Amy Terrell:

That reserve can make you to feel relax. This particular book CCDA 200-310 Official Cert Guide (5th Edition) was colorful and of course has pictures on the website. As we know that book CCDA 200-310 Official Cert Guide (5th Edition) has many kinds or variety. Start from kids until teenagers. For example Naruto or Private investigator Conan you can read and believe that you are the character on there. Therefore not at all of book are generally make you bored, any it can make you feel happy, fun and unwind. Try to choose the best book for you personally and try to like reading which.
