About the Author

Jon A. Bell is a writer and 3D computer graphics artist. After working 10 years as an editor and writer in the computer magazine industry, Jon changed careers in 1991 to concentrate on the computer graphics industry, and has produced CGI for television, films, computer games, multimedia, and print. He provided animation for the films "Exorcist III: Legion," "Terminator 2: Judgment Day," "Honey, I Blew Up the Kid," "Soldier" and "Mighty Joe Young." His video and film work includes Autodesk's/Kinetix's 1991, 1994 and 1997 SIGGRAPH reels, their 1993 and 1996 NAB reels, and work for Digital Phenomena and Matte World Digital. His multimedia and game industry work includes architectural models and animation for Oracle, LucasArts Entertainment, Sega of America, and Gametek. He wrote three "3D Studio MAX f/x and design" books for Ventana/Coriolis Press (1996-1999), covering the first 3 releases of 3ds max, and provided 3D artwork for the book "Tripping," Charles Hayes, published October 2000 by Penguin USA. His most recent book was "3ds max 6 Killer Tips," released in February 2004 by New Riders Publishing. His latest full-time job was as 3rd-Party Developer Relations Manager for Discreet, the multimedia division of Autodesk (December 2000--January 2003.)

Currently, Jon provides computer graphics work for the History Channel series, *Tactical to Practical*. He also provides 3D graphics and technical writing for Hawkes Ocean Technologies, Pt. Richmond, CA (www.deepflight.com), the builders of the experimental minisubs Deep Flight I and the Deep Flight 502 Aviator. Jon's hobbies include 3D computer graphics, scuba diving, travel to exotic places, reading, drawing, and writing fiction and essays. After almost 17 years in the San Francisco Bay area, Jon and his

wife Joan moved to the red rocks of Sedona, Arizona in May 2003, and they are the parents of the world's most spoiled cat, Greystone.

Users Review

From reader reviews:

John Drew:

In this 21st century, people become competitive in every single way. By being competitive currently, people have to do something to make themselves survive, being in the middle of often the crowded place and notice by means of surrounding. One thing that at times many people have underestimated is the item for a while is reading. That's why, by reading a guide your ability to survive improves then having a chance to stand than other is high. To suit your needs who want to start reading the book, we give you this particular 3ds max 6 Killer Tips book as a basic and daily reading guide. Why, because this book is usually more than just a book.

Frances Lockhart:

This 3ds max 6 Killer Tips is a great book for you because the content that is full of information for you who also always deal with the world and get to make a decision every minute. This kind of book reveals its information accurately using great coordinate words or we can say no rambling sentences inside it. So if you are reading the idea hurriedly you can have whole details in it. Doesn't mean it only gives you straight forward sentences but challenging core information with wonderful delivering sentences. Having 3ds max 6 Killer Tips in your hand like having the world in your arm, information in it is not ridiculous just one. We can say that no publication that offers you the world with ten or fifteen small rights but this reserve already does that. So, this is certainly a good reading book. Heya Mr. and Mrs. busy do you still doubt which?

Gregory Kim:

In this period of time globalization it is important to someone to get information. The information will make anyone to understand the condition of the world. The health of the world makes the information better to share. You can find a lot of references to get information example: internet, magazine, book, and soon. You will see that now, a lot of publishers that will print many kinds of books. Often the book that is recommended to you is 3ds max 6 Killer Tips this reserve consists a lot of the information from the condition of this world now. This specific book was represented just how the world has grown up. The dialect styles that the writer requires to explain it is easy to understand. The actual writer made some exploration when he makes this book. That's why this book is appropriate for all of you.

David Scott:

Reserve is one of the sources of knowledge. We can add our understanding from it. Not only for students but additionally native or citizens will need books to know the up-to-date information of year to year. As we know those guides have many advantages. Besides we add our knowledge, can also bring us to around the world. From the book 3ds max 6 Killer Tips we can consider more advantage. Don't someone to be a creative person? Being a creative person must love to read a book. Simply choose the best book that is ideal with your aim. Don't

possibly be doubt to change your life at this time book 3ds max 6 Killer Tips. You can more pleasing than now.
