Editorial Review

Review

"This concise volume, part of a series of guides to terrorist and insurgent organizations, provides an overview of the Army of God, an anti-abortion extremist group active in the US. . . . The author's proposal that violent groups who are spurred primarily by ideas must be countered by other ideas--in this case, a competing ideology from other Christians committed to oppose abortion without violence--should be taken seriously. Summing Up: Recommended." - **Choice**

About the Author

Jennifer Jefferis is assistant professor of international security studies in the College of International Security Affairs at the National Defense University, Washington, DC.
