Editorial Review

Review

... this enlightening book ... is a must read not only for the teachers of English language, but also for the policymakers, so that such policies could be formulated which could result in making the learning of English language easy. The News, Pakistan ... covers a broad spectrum of debates over various language policies adopted by South Asian countries, particularly Pakistan and India. STAR Weekend, Pakistan ... essential reading for those involved in the making and implementation of language policy. Carrying a good database for researchers, it is a handy reference book for linguists and teachers of the English language. Its value lies in the fact that it brings together interrelated topics, which can provide food for thought for those interested in the question. DAWN, Pakistan A pioneering work, the book should stimulate interest and debate on the issues of language policy planning and practice. DAWN, Pakistan
