### NATO: The Founding of the Atlantic Alliance and the Integration of Europe

By John R. Gillingham, Francis H. Heller

Can NATO survive? The stimulating and highly original essays contained in this volume provide important new insights into why the treaty organization was formed, how it developed, and what it has contributed both to the security and to the integration of Europe. The authors examine NATO as a strong and intricate webbing holding together the nations of Europe as well as binding them to the United States as guarantor of free world stability. This book is essential to the re-examination now under way of NATO's role in the radically different post-Cold War world.

### **Editorial Review**

From the Back Cover

The stimulating and original essays in this volume provide new insights into the NATO story, with appropriate emphasis on the organization's role as not only a defensive bulwark against Soviet attack on the West but also a strong intricate web holding together the nations of Europe and arraying the United States as guarantor of free world stability.

### **Users Review**

**From reader reviews:**

**Michael Rodriguez:**
