### Quantum Theory and the Schism in Physics: From The Postscript to the Logic of Scientific Discovery By Karl Popper

*Quantum Theory and the Schism in Physics* is one of the three volumes of Karl Popper's *Postscript to the Logic of scientific Discovery*. The *Postscript* is the culmination of Popper's work in the philosophy of physics and a new famous attack on subjectivist approaches to philosophy of science.

Quantum Theory and the Schism in Physics is the third volume of the *Postscript*. It may be read independently, but it also forms part of Popper's interconnected argument in the *Postscript*. It presents Popper's classic statement on quantum physics and offers important insights into his thinking on problems of method within science and physics as a whole.
