**Clinical Medicine (Oxford Assess and Progress)** By Martin Hill, Alex Liakos, David Sales, Kathy Bouricot

*Oxford Assess and Progress* is a new and unique revision resource for medical students. Written and edited by clinicians and educational experts the series provides an array of popular assessment questions and extra features, including bonus online questions, to be truly fit for purpose and assessment success!

Medical students will benefit from a comprehensive selection of Single Best Answer Questions and Extended Matching Questions designed to test understanding and application of core medical topics. Key professional themes such as decision making, communication and ethics are also teased out to ensure complete revision coverage. Editorials in each chapter unlock difficult subjects.

Ideal companions to the best-selling *Oxford Handbooks* these excellent self-assessment guides can also be used entirely independently. *Oxford Assess and Progress: Clinical Medicine* doesn't simply reveal the correct or wrong answer. Readers are directed to further revision material via detailed feedback on why the correct answer is best, and references to the *Oxford Handbook of Clinical Medicine* and resources such as journal articles. Each question is rated out of four possible levels of difficulty, from medical student to junior doctor.

Carefully compiled and reviewed to ensure quality, students can rely on the Oxford Assess and Progress series to prepare for their exams.

**60 Photographs, line drawings and ECGs**

## Online Resource Centre

### **Editorial Review**

#### Review

"A wide-ranging and comprehensive set of self-assessment questions, focusing on common and important clinical problems. Allows coverage of a much broader range of topics than any standard text could manage in such a concise framework." --Dr Michael Schachter, Imperial College London

"A great new question book with easy links to your trusted handbook favourites. With the answers explained, this book not only tests you but gives you feedback too!" --Laura May, Medical student
