Editorial Review

About the Author

Iceman Blue was born in Israel and raised in the U.S.A. He studied computer animation in college, but found himself more interested in creating traditional illustrations by hand instead. After graduation, he found employment in the mainstream comic book industry as an Inker. Somewhere along the way, he created his internet alter ego of Iceman Blue so he could showcase illustrations of his favorite characters in more provocative poses. It wasn't long before custom commissions started coming in and what started out as a fun would take on a life of its own and become a full time job. These days, Iceman Blue is focused on creating and promoting his own original stories and concepts, such as 'Midnightman'. He currently resides in sunny California with his sweetheart and continues to bring his fans sexy new art each and every month.
