Coral branches rarely wear a wristwatch. The discovery of a drifting mega-yacht the following day while fishing the Gulf Stream, causes quite a stir among the many alphabet agencies of the federal government, not to mention one shaggy canine. A severed leg and two whole bodies are discovered aboard. The find links the disappearance of the yacht's owners to the arm Jesse found twenty miles to the north, near his home in the back country of the Florida Keys. Black marketers from Eastern Europe have set up a base of operations too close to Jesse for comfort. The rescue of the yacht-owners takes on national security importance, but it's even more important to one of Jesse's closest friends. High speed boats and planes race across the Gulf Stream, causing the Cuban Air Force to become nervous. Will Jesse and his crew reach the victims in time?
