Editorial Review

About the Author

Merida L. Johns, PhD, RHIA, is president of Holistic Training Solutions, a management and education consulting firm, and is a visiting professor at The College of St. Scholastica. She received undergraduate degrees from Seattle University and graduate degrees from Alfred University and The Ohio State University. Johns was founding director of the HIT program at San Diego Mesa College and later served as director of the HIT program at Alfred State College. She also was a faculty member in the HIM program at The Ohio State University and served as program director for the nontraditional HIT–HIM progression program. In addition, she was founding director of the master's program in health informatics at the University of Alabama at Birmingham and director of the master's in information management program at Loyola University, Chicago. Johns has held numerous local, state, and national professional appointments and offices. In 1990, she received the American Health Information Management Association (AHIMA) Professional Achievement Award. Finally, she served as president of AHIMA in 1997, as a member of the AHIMA Board of Directors from 1996 to 1999, and as vice-president for education and accreditation for AHIMA until 2000.

Users Review

From reader reviews:

Barry Phelan:

Reading a e-book can be one of a lot of exercise that everyone in the world adores. Do you like reading book consequently. There are a lot of reasons why people love it. First reading a book will give you a lot of new info. When you read a publication you will get new information due to the fact book is one of a number of ways to share the information or perhaps their idea.
