**The Incurrable Children of Ashton Place: Book II: The Hidden Gallery** By Maryrose Wood

The second book in the Incurrable Children of Ashton Place—the acclaimed and hilarious Victorian mystery series by Maryrose Wood, perfect for fans of Lemony Snicket and Trenton Lee Stewart—has a brand-new look.

Thanks to their plucky governess, Miss Penelope Lumley, Alexander, Beowulf, and Cassiopeia are much more like children than wolf cubs now. They are accustomed to wearing clothes. They hardly ever howl at the moon. And for the most part, they resist the urge to chase squirrels up trees.

Yet the Incurrables are not entirely civilized, and still managed to ruin Lady Constance's Christmas ball, nearly destroying the grand house. So while Ashton Place is being restored, Penelope, the Ashtons, and the children take up residence in London. As they explore the city, Penelope and the Incurrables discover more about themselves as clues about the children's—and Penelope's own—mysterious past crop up in the most unexpected ways....

### Editorial Review

*\*Starred Review\** When we last saw Miss Penelope Lumley, governess to three wolflike children (but making tremendous strides!), she was trying to recoup after the Incurribles had brought Lord and Lady Ashton's Christmas ball to a disastrous halt. Now home renovations are needed, so the Ashton household is on the move to London, where Lady Ashton hopes she will be the belle of British society, and Penelope looks forward to civilizing the Incurribles further with trips to the theater and museums. But the undercurrent of "something wicked this way comes" and the signs of impending trouble for both governess and charges make the air here thick with (dreadful!) possibilities. Of course, there are some happier times in the city, too, as Penelope meets up with her beloved headmistress from the Swanburne Academy for Poor Bright Females and finds a new friend in a helpful, unemployed playwright. Questions about the children's backgrounds, Penelope's connections to them, and Lord Ashton's own wolfish behavior set the stage for the next act of this most excellent adventure, the follow-up to *The Mysterious Howling* (2010). Interior illustrations not seen, but no doubt they'll be most satisfactory. Grades 4-6. --Ilene Cooper

From the Back Cover

Of especially naughty children, it is sometimes said: "They must have been raised by wolves." The Incurrible children actually were.

So while Ashton Place is being restored, Penelope, the Ashtons, and the children take up residence in London. As they explore the city, Penelope and the Incurribles discover more about themselves as clues about the children's—and Penelope's own—mysterious past crop up in the most unexpected ways. . . .
