The Tapper Twins Go to War (With Each Other) By Geoff Rodkey

This bestselling first book in the Tapper Twins series is a hilariously authentic showcase of what it's like to be in middle school in our digitally-saturated world, told as a colorful "oral history" with photos, screenshots, text messages, chat logs, and online gaming digital art.

Twelve-year-old twins, Claudia and Reese, who couldn't be more different...except in their determination to come out on top in a vicious prank war. But when the competition escalates into an all-out battle that's fought from the cafeteria of their New York City private school all the way to the fictional universe of an online video game, the twins have to decide if their efforts to destroy each other are worth the price. In a starred review, *Publishers Weekly* declared "This uproarious series opener... is packed with both laugh-out-loud moments and heart."

Editorial Review

From School Library Journal

Gr 4–6—What's wrong with a little pranking among siblings? Things couldn't possibly escalate, could they? Twelve-year-old twins Claudia and Reese Tapper live on the Upper West Side of New York City with their rather clueless, professional parents and a nice but also clueless nanny. In an effort to examine the events that led up to a full-scale war between the twins, Claudia decides to interview the combatants as well as a variety of allies and enemies, bystanders, and parents. The result is this "oral" history transcript complete with text messages, photographs, emails, and gaming chat logs. Like any self-respecting millennial, Claudia consults Wikipedia about war and sees parallels between World War I and her battles with Reese. And to think it all started with a misappropriated toaster cake. While there is plenty of hilarity, readers will experience many little pings of recognition; the dynamics between siblings and schoolmates rings true. Rodkey keeps the action moving and relatively light while maintaining a laser-beamlike eye on the complicated bond of twins, navigating the minefield that is middle school without judgment or didacticism. Fragile egos, misunderstandings, and actions that seemed like a good idea at the time are laid out in an engaging format that will be appealing to tween digital natives and fans of "Origami Yoda" (Abrams) and "Charlie Joe Jackson" (Roaring Brook). A fine beginning to a funny, new middle grade series.—Brenda Kahn, Tenakill Middle School, Closter, NJ
